Oddajemy w Twoje ręce unikatowy model z klocków do samodzielnego złożenia.

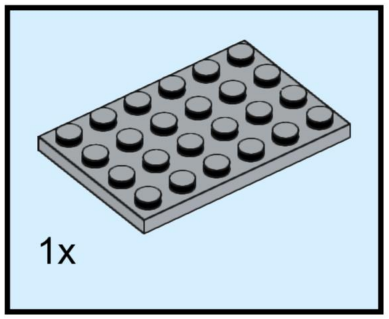

W **ZBUDOWANE Z KLOCKÓW** zajęliśmy się całym procesem projektowania, zamawiania niezbędnych elementów z Europy oraz Ameryki, przygotowaniem instrukcji złożenia modelu wraz z opakowaniem.

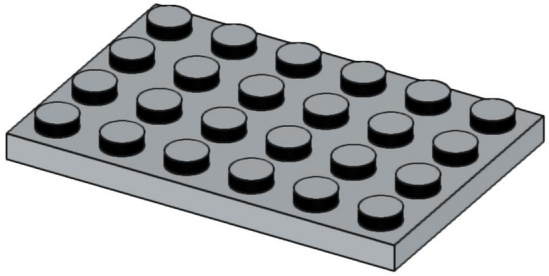

Godziny poświęcone na prace koncepcyjne, weryfikacyjne i kontrolne miały na celu stworzenie niepowtarzalnego zestawu, który zachwyci każdego.

Ręczny proces segregacji elementów i ich pakowania niesie za sobą ryzyko błędu, jednak dołożyliśmy wszelkich starań, żeby przekazany zestaw był kompletny, a przy składaniu cieszył i dawał satysfakcję.

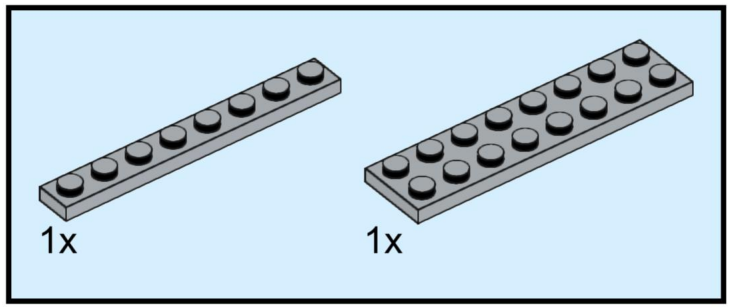

Jeśli masz uwagi i sugestie dotyczące niniejszego zestawu będziemy wdzięczni za kontakt ze **ZBUDOWANE Z KLOCKÓW**.
